## SCALE/8<sup>®</sup> ACOUSTICAL

Scale/8 STC 25 acoustical folding partitions add top and bottom Sonicsweep™ seals, Trakseal™ and Ceilingguard™ accessories to the Scale/8 non-acoustical model to reduce the flow of sound, light and air from room to room, while standing up to tough use and adding beautifully to interior design. Featuring an 8" panel width suitable for medium to large openings, they are designed for heavy use in commercial, institutional, civic and other building types or as large residential room dividers. With a modest sound rating, whispers are not audible but normal speech may be heard.

- HEIGHTS TO 16' 1"
