SONICWAL/44® ACOUSTICAL

Sonicwal/44 acoustical accordion partitions feature two parallel rows of sound dampened, 4" wide, laminated wood core panels that provide moderate sound isolation between adjoining spaces. The narrower panel width compared to other Sonicwal models makes them well-suited for small to intermediate sized openings in spaces that are built to support this models' sound performance capabilities. Available with Sound Transmission Class (STC) Ratings 35 & 38.

FEATURED COLOR: Red Oak Wood Veneer w/ Clear Lacquer

HEIGHTS TO 9' 1"

WIDTHS TO:
16' 6" (SINGLE) OR 33' (DOUBLE)

28 DAY LEAD TIME

2 YR LIMITED WARRANTY

HANDLE DETAIL

AVAILABLE COLORS

Available with over 40 solid, multicolored and wood grain decorative vinyl laminates, genuine wood veneers and high pressure laminates shown on page 2.

STANDARD FEATURES

PANELS

Twin rows of 4" wide, 3/8" thick, laminated wood core panels

HINGES

Memory Action®. Dual-Wall™ and Triple-Wall™ flexible vinyl hinges reduce light, sound and air transmission

HANDLES & LATCH

Heavy-duty steel automatic latch with Gripull™ handles in aluminum or bronze finish

+ OPTIONAL FEATURES

Choice of Sound Transmission Class (STC) Ratings - STC 35 or STC 38

Matching Ceilingguard in lieu of Startex White finish

Curved track

CARRIERS

Smooth-rolling, 13/16" diameter, nylon-tired, steel-ball-bearing-wheeled carriers on each volute and each end post

TRACK

Aluminum top track and Startex™ White Ceilingguard™ that conceals track edges and engages with top sweepseals

SWEEPSEALS

Top and bottom Sonicsweep™ seals; Bottom seals can be adjusted during installation to conform to out-of-level floors

Privacy (Thumbturn), Emergency (Coin) Release and Cylinder Key Locks

Two-, three-, and four-way meeting posts for partitions that join at right angles

*Dealer representative must contact Panefold for pricing on optional features

AVAILABLE COLORS

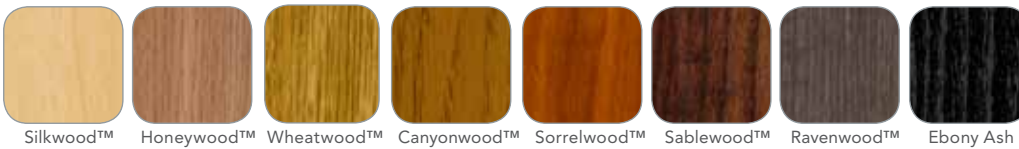

Panefold Scale® and Sonicwal® folding doors and partitions are available with the decorative finishes shown below. Due to variations in monitor and printer calibration, the color images shown may not display accurately. Physical color samples are available by contacting Panefold.

Color Group A: Startex™

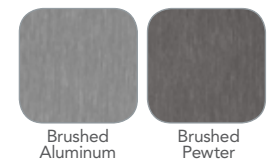

Startex pattern, solid-color, textured vinyl laminates have a subtle, stipple texture and are the lowest in price of all finishes. They are offered in a palette of five attractive, versatile colors.

Color Group B: Woodtex®

Lustertex™

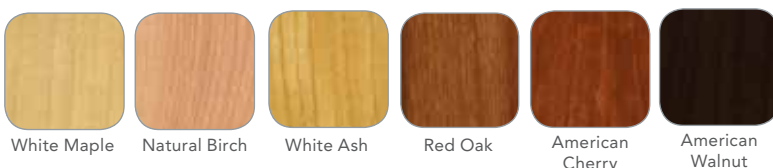

Woodtex high-fidelity wood grain vinyl laminates have a high-grade build in which the printing is “locked in” between an opaque bottom film and a clear top film. Lustertex textured vinyl laminates have a brushed metallic appearance. All ten colors are available for a single upgrade price over Startex textured vinyl laminates.

Color Group C:

Sandtex, Fabrictex, Hightex, Ropetex and Meritex pattern textured vinyl laminates each have a distinctive embossing. All 20 colors are available for a single upgrade price.

Color Group D: Genuine Wood Veneers

Panefold’s genuine wood veneer collection is for installations that demand the elegance of natural wood. Supplied standard with clear lacquer finish. Unfinished veneers and custom-stained veneers are available upon request.

High Pressure Laminates

Panefold Scale and Sonicwal models are available with Wilsonart® and Formica® High Pressure Laminates. For pricing, please submit a quote request along with the brand and color reference.
