

WOODFOLD

CRAFTING VALUE FOR MORE THAN 50 YEARS

BOOKCASE DOORS

Our Bookcase Door. It's the strong, silent type. Only better looking.

Attractive and extremely functional, our Bookcase Door System offers a distinctive, space-saving option for closets, pantries, wall safes, wine storage, home offices or hidden rooms just past the threshold. It's built strong with durable 3/4" ApplePly™ that supports a load of up to 500 lbs., yet is quiet and extremely easy to open and close. Ideal for both residential and commercial applications, the two fixed shelves center and bottom heighten the doors' integrity, plus four adjustable shelves allow for quick customization. Available in hardwood veneers (Oak, Cherry and Maple), with environmentally safe clear and customized stain and paint finishes or unfinished, they arrive fully assembled with our durable, heavy-duty roller system and multi-position steel upper wall guide for long-lasting, smooth operation. A fine example of our commitment to innovative craftsmanship, the Bookcase Door System is a unique design option for homes, lofts, efficiency units, offices, or anywhere space is limited or privacy is important.

WOODFOLD Bookcase Door System

The Nuts And Bolts Of Our Nuts And Bolts

Our exclusive steel hardware hinge system is designed to keep doors operating smoothly and lends fantastic strength and long-term durability. It also means the doors stay solidly in place while both open and closed.

The Woodfold Guarantee

Like our custom Accordion and Roll-Up doors and hardwood shutters, the Bookcase Door System is warranted against failure due to defective materials or workmanship.

- Available in two widths, 54" or 66".
- Constructed entirely from durable 3/4" ApplePly™ that supports loads up to 500 lbs.
- Available in hardwood veneers (Oak, Cherry and Maple) and environmentally safe clear and customized stain and paint finishes or unfinished.
- Two, fixed shelves at center and bottom, with four additional, quickly adjustable shelves.
- Superior strength from a piano-hinge that runs the entire length of the bookcase.
- Heavy-duty steel roller system with anti-binding block for incredible longevity and smooth operation.
- Steel upper wall guide with multi-position pre-drilled mounting holes.
- Exclusive hardware, adjustable for either left or right, two-position pivot.
- Ease-of-entry with strong, low-profile, steel threshold.
- Valance matched to your chosen bookcase finish.
